Don't Forget to Leave the Doors Open.

Our Virtu™ Kitchen and Bath Collection of heavy-duty chrome wire accessories optimizes storage space and conforms to the highest standards in kitchen and bath design. Each component of our collection fits standard or custom cabinets to a T. Some – like our Canister and Utensil Basket – can even be rearranged and customized to fit changing needs. What's more, these Italian-designed products are so beautifully detailed that you'll be tempted to leave the cabinet doors open.

INNOVATION FROM WITHIN. GET INSIDE.
